KONRAD LITWINOWICZ

FULLSTACK DEVELOPER

ABOUT

Hi, my name is Konrad.
I work at DFIN as a Support Software Engineer in an R&D project.
At work I deal with the creation of new functionalities, development of current ones, correcting bugs, etc.
During the week and on weekends , I work at GOITeens as a programming trainer. I teach kids from 9-12 years old programming in: MInecraft.
I spend most of my days on programming, learning new things, playing video games and sports.
